

Whittard of Chelsea to Launch Two New Coffee Gift Sets

For Immediate Release

1st August 2020

Two new gift sets join the brand's premium coffee range: Coffee Explorer's and Flavoured Coffee.

Fine tea, coffee and hot chocolate specialists [Whittard of Chelsea](#) are set to launch two new coffee gift sets this autumn. Bringing customers an adventure in every cup, one features four of the brand's most popular flavoured coffees and the other highlights three coffees from around the world.

Whittard has seen an overwhelming demand for their single origin and blended roasts, exclusive, small-batch seasonal limited editions and flavoured coffees during lockdown. The brand's Coffees of the World gift set has proved particularly popular, enabling coffee lovers to explore high-quality arabica coffee at home.

The Coffee Explorer's Set is a whistle-stop tour around the map with a trio of single origin ground coffees. Inside, there are some of Whittard's best-loved dark and medium roasts from India and the Americas: smoky Monsoon Malabar, citrusy San Agustin Colombia and chocolatey Guatemala Elephant.

The Flavoured Coffee Gift Set stars four of the brand's favourite flavoured creations, with each ground coffee presented in a perfectly proportioned, taster-sized box. Crafted from fine arabica beans and inspired by delectable confectionery and luscious liqueurs, these flavoured coffees are a treat for the taste buds. Indulge with creamy Vanilla, roasted Hazelnut, almond-rich Amaretto and sumptuously sweet Salted Caramel.

Both gift sets will be available to buy online and in store from September

Harvinder Woodcock, Whittard of Chelsea's Senior Coffee Buyer, said of the launches:

"We're always looking for new ways to keep our coffee customers excited, and these two new taster-sized gift sets are a great addition to our range. Both are perfect as a self-treat or for gifting to a loved one, and a great introduction to some firm Whittard favourites. Our Coffee Explorer's Set gives customers the opportunity to try our three bestselling single origin coffees and our Flavoured Coffee Gift Set is ideal for those who love to experiment with different flavours."

Notes for Editors

About Whittard of Chelsea

When Walter Whittard launched his first London shop in 1886, his philosophy was simple: buy the best. It's a philosophy that's stayed close to Whittard's heart since then, driving their belief in quality, heritage and innovation. Today their world-class range of tea, coffee and cocoa satisfies every curiosity and taste – from classic English Breakfast tea to creative hot chocolate flavours and unique tea and coffee blends.
